Welcome to Alcovy High School!

The administration and staff would like to welcome all incoming ninth grade students and their parents to Alcovy High School. We are pleased to have you join us as you begin your journey into high school. High school is an important step in a student's life. What he or she does in high school will help shape who he or she becomes in the future. During these years, the academic preparation and life skills gained in high school will help determine future career decisions. Through fun, participation in extracurricular activities, and school events, students will acquire additional knowledge and life skills as well as establishing lifelong friendships.

Sincerely,

Dr. Kristopher Williams, Principal
